

# Stabilis

Aciclovir sodium					1415 3595
Amoxicillin sodium / clavulanic acid					3545
Amphotericin B					265 270 793 984 1498 2043
Ampicillin sodium					3528
Ceftriaxone disodium					2238 3523
Ciclosporin					1415
Dopamine hydrochloride					1415
Doxorubicin hydrochloride					1415
Doxycycline hyclate					1415
Droperidol					1415
Flucloxacillin sodium					3522
Fluorouracil					1415
Ganciclovir sodium					1415
Haloperidol lactate					1415
Heparin sodium					1415
Hydromorphone hydrochloride					1415
Iron dextran					312
Lorazepam					1415
Midazolam hydrochloride					1415
Minocycline hydrochloride					1415
Morphine sulfate					1415
Nalbuphine hydrochloride					1415
Octreotide acetate					4086
Ondansetron hydrochloride					1415
Phenobarbital sodium					1415

Rocuronium bromide					3564
Ticarcillin / clavulanic acid					3587
